

Offerings

2025-26

Take the leap. Think big. Preserve your sense of wonder. Imperfect work is better than unmade work. Only you will create who you are.

Creativity is a practice. Some colours are only visible to those who seek them. The greatest art is to live a good life. Keep showing up. Push past the norm. A line is a dot that went for a walk. Make time for play. Everything connects

to everything else. New perspectives unlock new ideas. Art disrupts. Take time to figure things out. Creativity is contagious. You were born to be brave.

Welcome!

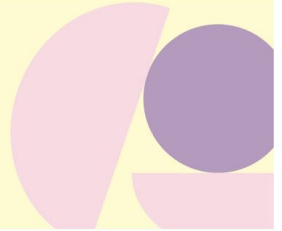

Art continues to be a powerful tool for our community to explore bold, creative ideas. Our team and our new Thonglor studio are ready to help you realise your artistic potential.

Programmes

Your next art journey begins here. Our 5 unique programmes this year offer distinct adventures in visual arts – for all ages and skill levels.

“For 2 years our daughters have been attending Paron School of Art and when I asked if there is something that could be improved they said 'make it longer!'. The teachers are true artists with bright minds and a very pleasant approach to teaching. Highly recommended it to everyone.”

- Brigita, Students' Mum

“I loved it when I was painting the cactus. The teachers are so nice and helpful. I know I can always ask for help.”

- Kirin, 5

“I like that there are unique projects and stuff that you don't normally do at school. The teachers here are very kind and generous.”

- Unna, 10

“The school is very well equipped with a variety of quality mixed media materials. This helped me better understand how colours worked together and to be a better artist.”

- Lynn, 16

“I enjoyed a relaxing and informative evening with the adult group, on a Saturday. Yes, the wine helped with 'creative flow'. The studio itself is fun, quirky, clean and inviting.”

- Allan, Adult Student
